"Kate had learned a lot from your class, and shared with me the works every time coming back from the class. She became fond of music even more than before!"

"She has interests in lyrics writing (in Chinese), as you may notice. So I encouraged her to learn the music creation (from your class) to couple and make better the influence of her ideas in lyrics. And I think she made progress! Thanks to you!"

About the Teen Arts Mentorship Program

The **Arts Fund Teen Arts Mentorship Program** is a county-wide arts enrichment and career development program that offers students ages 13-18 the unique opportunity to work closely with industry professionals and master artists in a studio environment.

Students spend over 30 hours in small groups producing a portfolio of work to be exhibited and sold in The Arts Fund Community Gallery or performed in a public venue.

The Arts Fund is celebrating its 40th anniversary this year and 30 years of the Teen Arts Mentorship Program.
